Volume 35 Issue 7

JULY 2007

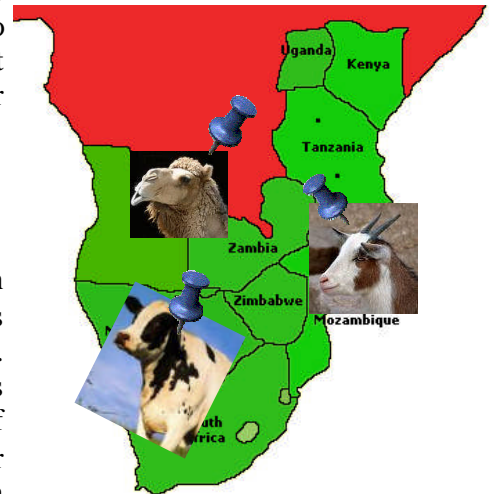

SOUTHERN & EASTERN AFRICA

THE DAVIS FOUNDATION IN AFRICA NEEDS YOUR HELP!

In 1998, the Davis Foundation established its Southern and Eastern (S&E) African Division in order to promote the advancement of veterinary pathology among veterinary pathologists, clinical veterinarians, and professionals in health management of wild and domestic species in the countries of South Africa, Uganda, Kenya, Zimbabwe, Tanzania and the remainder of this important region. In the last eight years, **in spite of a worsening economic situation and sporadic fighting in the region**, the S&E African Division has managed to hold six annual meetings, the most recent at Makerere University in Kampala in November 2006.

2006 - a huge success

During this three-day meeting, vets from the region gathered to listen to Foundation faculty members Dr. Corrie Brown (University of Georgia) and Dr. Robert Porter (University of Wisconsin) discuss the effects of globalization on the pathology of emerging diseases and zoonoses, with a particular focus on poultry disease, a critical food source in this area. **The present threat of diseases such as exotic Newcastle disease and highly pathogenic avian influenza can't be overstated for economies still struggling to feed their people.** Fully half of the meeting, as is the custom in Foundation symposia, was dedicated to the local attendees' presentation of related cases and group discussion. The 2006 meeting was attended by approximately thirty-five university pathologists, veterinarians and graduate students as well as poultry veterinarians from UgaChick, the largest poultry company in Uganda.

Continued from page 1...

At the meeting's end, Corrie Brown wrote the Foundation: "...There are some keen minds in these countries. They have had excellent training and now just lack resources to allow them to share more information and do some experimental work. They recognize that the CL Davis Foundation is a good way for them to maintain their interaction and get solid continuing education. **To say they are very appreciative is a gross understatement....**"

How can you help?

Plans for the 2007 symposium are already underway. This year's S&E African Symposium is scheduled to take place from November 21 -23 2007 in Nairobi, Kenya. The focus will again be on food animal production – namely, **diseases of dairy cattle, goats and camels, with continued focus on zoonoses, emerging, and re-emerging diseases in these species.**

Dr. Fabio Del Piero of the University of Pennsylvania and Dr. Claus Buergelt of the University of Florida will travel to Nairobi to anchor this important meeting with hours of lectures in this area. The following is from a recent message from Dr. Lonzy Ojok, Director of the African subdivision: "Pathologists, veterinarians and those involved in wildlife health management in this region have found the Davis Foundation symposium an invaluable avenue to share their knowledge and experience in veterinary medicine and pathology. We are very

Attendees at the 2006 S&E African meeting in Kampala Uganda, including Division Director, Lonzy Ojok, (third from left in the front row) and speakers Corrie Brown (4th from the right in the front row) and Rob Porter (4th from the right in the back row)

summed it up the best: "...It was extremely rewarding for me to help with this effort. I think that people here feel forgotten by the rest of the world and they are so deserving of a chance to improve their skills. And the time I spent with Lonzy (Ojok) and his family was much appreciated. **We are only as strong as the ties we have with our friends.**"

Please help us extend a helping hand to a group who really needs it – **sponsorships for the 2007 meeting start at \$2500**, for which your organization will be acknowledged on all meeting correspondence, advertisements on the Foundation website and newsletter, and most importantly, **you will show your profession how much you care – not just at home, but globally.**

**Please contact:
Foundation President Dr. Bruce Williams
at: (301) 467-4024 or williams@cldavis.org
for more information.
Donations are tax-deductible.**

Dr. Adeb Bwanika, President of the Uganda Veterinary Association and Dr. Ruth Mwanzi Associate Dean of the School of Veterinary Medicine at Makerere University address the group.

grateful to the Foundation for providing this opportunity in our region. However, lack of funds to is indeed a great limiting factor for many potential attendees – many vets simply can't afford travel and lodging at this meeting, even though our venues are quite inexpensive. **A \$2500 donation can support travel and accommodations for 2 additional participants to the symposium and possibly even 3 or 4 depending on which part of the region they are coming from.** ...I am greatly appreciative for your good gestures of assisting us to find sponsors to support our meeting and our veterinarians. "

Dr. Corrie Brown shares a moment with Dr. Lonzy Ojok, symposium organizer and his wife Eve.

EUROPEAN DIVISION PATHOLOGY SYMPOSIUM

Date: August 27-29, 2007

Location: Munich, Germany

Primary Subjects: Advanced Techniques in Pathology; Diagnostic Cytology; Immunopathology; Mammary and Odontogenic Tumors in Domestic Animals

Program Director: Dr Elizabeth McInnes, HLS, Woolley Road, Alconbury, Cambs, PE28 4HS, United Kingdom, Tel: +44 (0) 1480 89 2716, Fax: +44 (0) 1480 89 3033, Email: McInnesE@UKOrg.Huntingdon.com

ACCOMMODATION AND CONFERENCE FACILITIES:

The conference will take place at the University of Munich, Plenary A14, immediately preceding the ESVP meeting. Please book a room at the Park Hotel Schwabing on <http://www.parkhotel-schwabing.de/>, which has a variety of rooms at different prices.

C. L. DAVIS EUROPEAN DIVISION TRAVELLING SCHOLARSHIP AWARDS:

The CL Davis European Division has funds to sponsor three awardees to attend the European Division Pathology Symposium. The award will comprise a grant of 300 euros towards the cost of travel and accommodation. There will be no registration fee. These scholarship awards are open to veterinary pathologists in training in European Veterinary Schools or Research Institutes. Preference will be given to applicants who are studying for higher degrees or who wish to gain further qualifications in pathology.

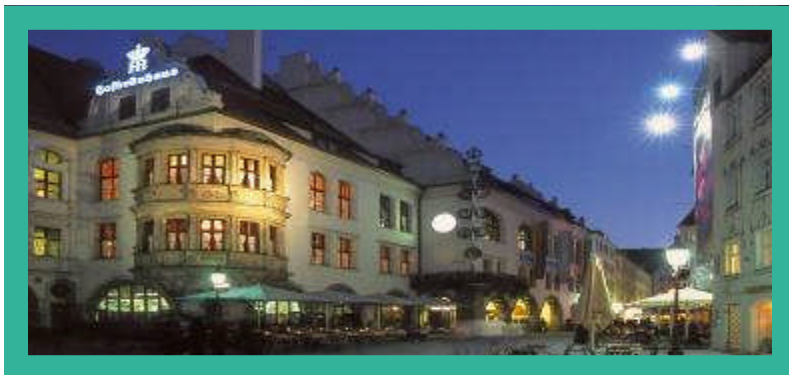

For more information please visit the C.L. Davis Website upcoming meeting at <http://www.cldavis.org/courses/upcoming.html#11>

Prof. Alun Williams
Dept of Veterinary Pathology and Infectious Diseases
Royal Veterinary College
Hawkshead Lane
North Mymms
Hatfield, Hertfordshire AL9 7TA
United Kingdom
Tel: +44 (0)1707 666572
Fax: +44 (0)1707 666298

SOUTHCENTRAL DIVISION 17th ANNUAL MEETING

Date: October 5-6, 2007

Location: Galveston Island, Texas

Program Director: James O. Britt, DVM, Livestock & Poultry Commission Lab, 1 Natural Resources Dr, Little Rock, AR 72205, Tel: (501) 907-2435 and e-mail jbritt@arlpc.org

Keynote Lecture: "Primate Pathology" - Joe H. Simmons, DVM, PhD, DACLAM, Director of Diagnostics, Charles River Labs

The Charles Louis Davis, D.V.M. Foundation will present the 17th Annual Program of the Southcentral Division for members and guests, Friday and Saturday, October 5 & 6, 2007 at The San Luis Resort, Spa and Conference Center, Galveston Island, Texas (<http://www.sanluisresort.com>). The registration contribution will include a group Friday lunch and dinner, a CD-ROM of the meeting results and the Atlas of Metazoan Parasites in Animal Tissues by CH Gardiner and SL Poynton and the 2008 membership for current non-members and 10 hours on CE credit. Families are welcome to join us for the dinner. **Attendees are also invited to present a 15-minute report to the group on an interesting case. Please send 40+ (50 if possible) stained microslides with case information (and diagnosis, comments, applicable references on a separate page) for redistribution to participants by September 10th.**

Local Arrangements: Dr. James Britt (501) 907-2435; E-mail: jbritt@alpc.ar.gov

Location and Lodging: The San Luis Resort, Spa & Conference Center, 222 Seawall Boulevard, Galveston, TX 77551

Tel: (800) 445-0090 \$139.00 single or double (Reserve by 9/6/07) (ask for "C.L. Davis")

Tuition: Members: \$175.00, Non-members: \$250.00, Extra Dinner Guests/Spouses: \$ 35.00

Slide sets to:

Dr. Barbara Lewis

Texas Veterinary Medical Diagnostic Laboratory

1 Sippel Road

College Station, TX 77841-3040

Phone (979) 845-3414 , E-mail: blewis@tvmdl.tamu.edu

"This program was reviewed and approved by the AAVSB RACE program for continuing education. Please contact the AAVSB RACE program at race@aavsb.org should you have any comments/concerns regarding this program's validity or relevancy to the veterinary profession. AABP/CLD SEMINAR: BOVINE PATHOLOGY FOR THE PRACTITIONER

DATE: September 19, 2007

LOCATION: AABP Annual Meeting, Vancouver, Canada

PROGRAM DIRECTOR: Claus Buergelt, DVM, University of Florida, College of Veterinary Medicine Dept of Infectious Diseases and Pathology, Box 110880, Gainesville, FL 32611 352-392-4700 ext 3924 (work), 352-392-9704 (fax), E-mail: Buergeltc@mail.vetmed.ufl.edu

The Seminar is co-sponsored by the Charles Louis Davis Foundation for Advancement of Veterinary Pathology and the American Association for Bovine Practitioners.

DESCRIPTION: This day-long symposium will provide the bovine practitioner with real-world, practical knowledge concerning the diagnosis of pathologic conditions in cow and calf diseases. The experience will be invaluable for those practitioners occasionally facing the prospect of making provisional diagnosis following field necropsies. The seminar will concentrate on gross necropsy findings, establishment of an appropriate differential diagnosis for common conditions, and occasionally, some microscopic findings integral to diagnosis.

The symposium will conclude with a group discussion of challenging case scenarios to reinforce the important diagnostic principles of the day.

TUITION: \$150- Registration available through the American Association of Bovine Practitioners website - <http://www.aabp.org>

FIRST SEMINAR OF THE ARGENTINE SUBDIVISION TOPICS IN SMALL ANIMAL MEDICINE

Date: November 29, 2007

Location: Faculty of Veterinary Sciences, La Plata, Argentina

Program Director: Eduardo Gimeno, Facultad de Ciencias Veterinarias, Universidad Nacional de La Plata, Teléfono: +54 - 221 - 423-6663/4 Interno 426 Fax: +54 - 221 - 425-3276 / 7980 E-mail: ejgimeno@fcv.unlp.edu

The Charles Louis Davis Foundation (<http://www.cldavis.org/>) will organize an eight-hour seminar symposium entitled "Topics in Small Animal Medicine" on November 29, 2007. Course Director Eduardo Gimeno (La Plata University, Argentina) and invited guest lecturers Guillermo Couto (Ohio University, USA), and Pablo Gómez Ochoa (Zaragoza University, Spain). The Seminar will present relevant up-to-date topics in Small Animal Medicine. This will be the first regular activity of the Argentine Subdivision of the CLDavis Foundation leading to the establishment of an International Study Centers of the Foundation in Argentina. The Seminar will take place at the University of La Plata, immediately preceding the Third Forum for Teaching of Veterinary Pathology.

TUITION:

Of \$ 25.00 (around 80.00 Argentine pesos). The tuition fee will be directed to establish an CLDavis International Study Center in Argentina. Additional information is available at the CL Davis Foundation Web site: <http://www.cldavis.org/>.

THIRD FORUM FOR TEACHING OF VETERINARY PATHOLOGY COSPONSORED BY THE ARGENTINE SOCIETY FOR VETERINARY PATHOLOGY

Date: November 30, 2007

Location: Faculty of Veterinary Sciences, La Plata, Argentina

The Forum for Teaching of Veterinary Pathology has been previously held in Rosario (2003) and Buenos Aires (2005). It is a meeting for teachers and researchers with the objective to analyse the evolution of Veterinary Pathology education in Argentina. In the third edition we will have Dr. Bruce H. Williams (AFIP Dept. of Telemedicine & Distance Learning, Washington, USA) as invited guest lecturer.

Additional information is available at the CL Davis Foundation Web site: <http://www.cldavis.org/>, by mail to ejgimeno@fcv.unlp.edu.ar, or eduardo.gimeno@cldavis.org. By phone: 54 221 423 6663.

July Website Special

Dr. Mike Eckhaus of the National Institutes of Health presents a two-hour lecture on the Diseases of Laboratory Rodents and Lagomorphs, covering A-Z of common (and not-so common) pathology of rats, mice, gerbils, hamsters, guinea pigs, and of course, rabbits. This outstanding lecture is filled with practical advice and insight on the many diseases that Dr. Eckhaus has seen in almost twenty years in diagnostic work at NIH. An excellent choice for trainees or practicing pathologists who don't see these animals on a daily basis. Only \$50 through the month of July!

Visit <https://store.cldavis.org> and order your copy today!

CLD/AAVLD JOINT MEETING ON DIAGNOSTIC ORTHOPEDIC PATHOLOGY

Date: October 19, 2007

Location: John Ascuaga's Nugget, Reno, NV

Program Director: Matti Kiupel, DVM, PhD, Assistant Professor, Michigan State University, 4125 Beaumont Rd 152A, Diagnostic Centers for Population & Animal Health MSU, Lansing, MI 48910, (517) 432-2670 and e-mail kiupel@dcpah.msu.edu

The Charles Louis Davis DVM Foundation will be conducting an eight-hour continuing education symposium entitled "Diagnostic Orthopedic Pathology" on October 19, 2007.

GUEST LECTURES: Roy Pool (Texas A&M University), and Steven Weisbrode (The Ohio State University).

The following topics will be covered: bone-specific reactions to injury including normal and altered endochondral ossification (eg. osteopetrosis, growth retardation lattice etc.), normal bone modeling and adaptation to altered mechanical use, normal bone remodeling and diseases of imbalanced remodeling (eg. osteoporosis, osteosclerosis etc.), normal woven bone in development of cortical bone and responds of the periosteum to injury; from radiographs to morphological diagnosis including necropsy bone/joint tissue specimen selection and expedient processing for diagnostic slides, needle/trephine biopsy site selection, processing and common errors, radiographic features that help distinguish between benign and malignant processes and interpretation of common bone diseases based on examination of growth plates; tumors and tumor-like diseases of bones, joints and tendon sheaths, articular cartilage and pathogenesis of joint diseases, role of the vasculature in bone, cartilage in the pathogenesis of bone and joint infection. Didactic lectures will be combined with audience participation to result in an engrossing day-long seminar. CL Davis is an approved CE provider. Don't miss out on what promises to be another exciting C.L. Davis/AAVLD co-sponsored symposium.

TUITION of \$125 includes refreshments, CD of presentations and continuing education credits. The tuition fee will be waived for the winners of the travel award. **Please pre-register to guarantee receipt of materials. Registration is through C.L. Davis and is separate from meeting registration fees.** Additional information and registration materials are available at the: CLDavis Foundation Web site: <http://www.afip.org/CLDavis> or call 847-367-4359.

"This program was reviewed and approved by the AAVSB RACE program for continuing education. Please contact the AAVSB RACE program at race@aavsb.org should you have any comments/concerns regarding this program's validity or relevancy to the veterinary profession."

PATHOLOGY OF THE LIVER - WHAT'S NEW AND WHAT'S STILL TRUE

Cosponsored by Aperio Technologies Inc., and WIL-Biotechnics

Date: November 10, 2007

Location: The Westin Savannah Golf Resort and Spa, Savannah, GA

SPEAKERS: John M.Cullen, VMD, PhD, North Carolina State University CVM
Thomas J. Van Winkle, VMD, University of Pennsylvania CVM

SYMPOSIUM: The session will review and discuss the histopathology and pathogenesis of liver disease in animals. Contemporary diagnostic terminology, including advances in the recent World Small Animal Veterinary Association monograph on standardization of histologic diagnosis of the dog and cat will be emphasized. Topics covered will include congenital vascular disorders, diseases of the biliary tract and hepatic parenchyma, and hepatic neoplasia. For additional information about the program or sponsorship opportunities, contact Program Director, Sarah Hale (shale@epl-inc.com), or Foundation President, Bruce Williams (williams@cldavis.org).

TUITION: \$150 for the day-long seminar, and includes 8 hours of RACE-accredited CME, syllabus, refreshments, and a copy of the WHO Fascicle on Tumors of the Gastrointestinal Tract of Domestic Animals. You may register for this workshop as part of your ACVP registration (<http://www.acvp.org/meeting>), or if you are only going to Savannah for this meeting, you may register at <http://www.cldavis.org/courses/2007savannah.registration.htm>
